

**Chammas & Marcheteau advises Pelikan Mobility on
its €4 million seed round (Mobility/Energy)**

Chammas & Marcheteau advised Pelikan Mobility in its seed fundraising of 4 million, financed by Pale Blue Dot (Sweden), Frst (France), Seedcamp (UK) and other investors.

Founded in 2022, the start-up Pelikan Mobility is tackling a major challenge of the ecological transition by developing a deeptech platform that optimises the financing and operations of commercial vehicle fleets, in order to make their electrification both scalable and cost-effective.

The funding will enable the company to use its technology to offer fleet managers highly cost-efficient leasing solutions for electric vehicles.

The **Chammas & Marcheteau** team consisted of **Denis Marcheteau** (partner) and **Arys Serdjanian** (associate).
