

**Chammas & Marcheteau advises Zadiant Technologies on its  
€35 million fundraising (Technology/Industry)**

---

**Chammas & Marcheteau** advised Zadiant Technologies on its €35 million Series A fundraising, with participation from EIC (European Innovation Council), Crédit Mutuel Impact, MIG Capital, Salvia GmbH, Vestel Ventures and Blue Wonder Ventures.

Founded in 2020, Zadiant Technologies specializes in the production of semiconductor materials. The company develops advanced technologies that are essential to the energy transition and designed to meet the performance, energy efficiency and reliability requirements of next-generation electronic applications.

This financing will enable Zadiant Technologies to accelerate its industrial roadmap, increase its production capacity in Europe, and contribute to strengthening the resilience of the European semiconductor supply chain amid rapidly growing demand for silicon carbide materials.

The **Chammas & Marcheteau** team consisted of **Denis Marcheteau** (partner) and **Arys Serdjanian** (associate) on corporate aspects, **Aude Spinasse** (partner) and **Constance Parini** (associate) on intellectual property aspects, and **Christophe Moreau** (partner) on tax aspects.
