€7 million financing of Nous anti-gaspi (Distribution/Circular economy)**

---

**Chammas & Marcheteau** advised Eutopia on a €7 million financing of Nous anti-gaspi led by Creadev, which, on this occasion, acquires control of this retail network.

Founded in 2018, Nous anti-gaspi operates a network of grocery stores committed to combating food waste by selling surplus products from the agri-food sector. The company relies on a rapidly expanding territorial footprint, a broad network of suppliers, and also develops a proprietary product brand distributed both through its own stores and via distribution chains.

This transaction will enable Nous anti-gaspi to continue the momentum established since its inception and to pursue an ambitious development plan in support of the fight against food waste.

The **Chammas & Marcheteau** team consisted of **Denis Marcheteau** (partner) and **Romain Penloup** (counsel).
