

Chammas & Marcheteau advises Axeleo Capital and UI Investissement on bobine's €13 million funding round (Renewable Energy/Energy Transition)

Chammas & Marcheteau advised investors Axeleo Capital and UI Investissement on bobine's €13 million fundraising, alongside Angelor, Crédit Agricole Création, Crédit Agricole Centre France, CAV and Quest Investissement.

Founded in 2023, bobine develops an innovative industrial process electrification technology dedicated to the chemical plastic recycling. The company operates at the crossroads of the energy transition and the circular economy, with the ambition of making a tangible contribution to industrial decarbonization.

This fundraising will notably enable bobine to install an industrial demonstrator with a capacity of treatment of one ton per day, strengthen collaborations with major players in the petrochemical industry with a view to securing the first commercial projects, and progressively recruit new talents to support the execution of its roadmap.

The **Chammas & Marcheteau** team consisted of **Stéphanie Bréjaud** (partner) and **Jeanne Cormerais** (associate).
