

Chammas & Marcheteau advises Supernova Invest and Bpifrance on Isybot's €7 million fundraising (Robotics/Industry)

Chammas & Marcheteau advised Supernova Invest, lead investor, and Bpifrance Amorçage Industriel in connection with Isybot's €7 million fundraising, carried out alongside its historical investors.

Founded in 2015, Isybot is a deeptech company that designs and manufactures collaborative robots, or "cobots", enabling operators to triple productivity while enhancing their roles and significantly reducing physical strain. The solution has already been deployed across more than 70 production units, including with major industrial players such as Airbus, Alstom and Naval Group.

This fundraising will enable Isybot to accelerate its industrial scale-up, strengthen its commercial presence across Europe, with initial successes in Germany and Austria, and support its growth strategy.

The **Chammas & Marcheteau** team consisted of **Lola Chammas** (partner) and **Julien Delacroix** (associate) on corporate aspects, together with **Christophe Moreau** (partner) and **Marjorie Masoni** (associate) on tax aspects, **Aude Spinasse** (partner) and **Constance Parini** (associate) on intellectual property aspects, **Coline Bied-Charreton** and **Caroline Canavese** (partners), **Sarah Joomun** (counsel) and **Emmanuel Corbel** (associate) on employment aspects, and **Stéphane Cavet** (partner), **Carla Baeza Boccara** and **Léa Besson** (associates) on restructuring aspects, in connection with the due diligence.
