

**Chammas & Marcheteau advises Iris on
Escape's \$18 million fundraising (Cybersecurity/Software)**

Chammas & Marcheteau advised Iris in connection with Escape's \$18 million Series A funding round, led by Balderton, with the participation of Y Combinator and Uncorrelated Ventures.

Founded in 2020, Escape is a cybersecurity company of French origin, now present in Europe and the United States. The company develops a platform that enables security teams to more easily detect and fix security vulnerabilities in applications. Its technology automates the identification and remediation of vulnerabilities through analysis tools and artificial intelligence, ensuring continuous monitoring of system security.

This new funding will enable Escape to strengthen the capabilities of its platform, notably through artificial intelligence, and to accelerate the growth of its engineering, research and go-to-market teams in the United States and Europe.

The **Chammas & Marcheteau** team consisted of **Denis Marcheteau** (partner), **Romain Penloup** (counsel) and **Jeanne Cormerais** (associate).
