

Chammas & Marcheteau advises Incepto's historical investors on its €14 million fundraising (Healthcare/AI)

Chammas & Marcheteau advised historical investors LBO France, Bpifrance, Karista and Wille AG on Incepto's €14 million Series B financing round, led by Impactivist.

Founded in 2018, Incepto has developed Europe's first artificial intelligence platform dedicated to medical imaging. Its solutions are currently used by more than 1,000 medical centres across ten countries, benefiting 6 million patients each year. The platform offers more than 30 AI applications covering, in particular, traumatology, pulmonology, oncology and neurology.

This fundraising will enable Incepto to accelerate the deployment of its solutions across Europe and the United States, expand its portfolio of AI applications and pursue its targeted acquisition strategy.

The **Chammas & Marcheteau** team consisted of **Denis Marcheteau** (partner) and **Arys Serdjanian** (associate).
